SPECIAL ASSEMBLIES, COMPETITIONS AND CELEBRATIONS PS & PP

DOHA RECITATION ACTIVITY

Dohas are a set of few lines with great moral values. Strongly believing in the notion that values are the root of Indian legacy, an Inter Class Doha Recitation Activity was conducted by N.K.B.P.S Junior Wing on 1st Nov 2022. Children sang the Dohas and said their meanings, too which made it easier for the children in the audience to understand better.

ORIGAMI DAY

Origami finds its simplistic charm by requiring only one tool: the paper itself. A special assembly was organised by Junior Wing to educate children about this special day. Children participated in various activities and got to know about the history of the origami day.

ENGLISH RHYME RECITATION ACTIVITY – INTER

Children of Junior Wing enthusiastically participated in the activity. The preparedness and hardwork were seen in the level of confidence each participant had while reciting the rhyme.

MOVIE SHOW

The students of classes PS & PP were taken to Cinepolis for a special screening of the movie 'Lyle Lyle Crocodile'. Watching movie with friends was a thrilling experience for them.

The image features a vibrant orange background at the top and bottom, decorated with various yellow geometric shapes including hexagons, pentagons, and circular patterns. The central white area contains the text "PRE-SCHOOL" in a bold, orange, sans-serif font.

PRE-SCHOOL

NUTRITIOUS CORN SALAD

Ever feel like diving into a world full of flavours and tastes? Then a delicious plate of corn salad is the perfect dish to please anyone. Salads are now considered to be wholesome meals with tangy and sweet dressings and various ingredients. This instant recipe can be made in no time! Our little Bagrodians are ready to serve this nutritious recipe.

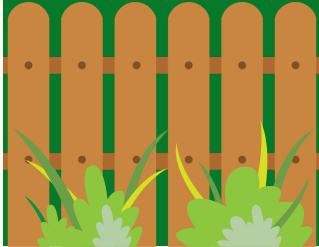

JUMP N CLAP-A GAME OF NUMBERS

Number sense is so important for young learners because it promotes confidence and encourages flexible thinking. It is also an effective way to combine gross motor activity and number recognition practice. An amazing activity performed by little learners in which children jumped on the numbers and clapped that number of times. This game helps in recognising the numbers and their value.

TIME TO GET GARDENING

In this hands-on activity students will be able to identify the steps of growth of plant by germinating their own seeds. Students should see their seeds sprout within a few days. Our tiny tots indulged themselves excitedly in germination of seeds activity.

LEARNING WITH PUZZLE

PUZZLES DEVELOP MEMORY SKILLS,AS WELL AS AN ABILITY TO PLAN,TEST IDEAS AND SOLVE PROBLEMS.PLAYING PUZZLES ALSO HAS MANY BENEFITS SUCH AS CHILDREN BEING ABLE TO TRAIN THEMSELVES AND HELP THEIR COGNITIVE SKILLS,CAN IMPROVE FINE MOTOR AND SOCIAL SKILLS ALSO.FEW GLIMPSES OF THIS FUN LEARNING ACTIVITY.

WHAT IS MISSING?

A step towards developing cognitive skills.

Can the children tell what is missing in fun game? Test the memory skills of the children. Use any object and remove one part to see if they can guess what's missing? Fun memory activity to boost kids minds.

THE FRUITS AND VEGETABLE BIBLE

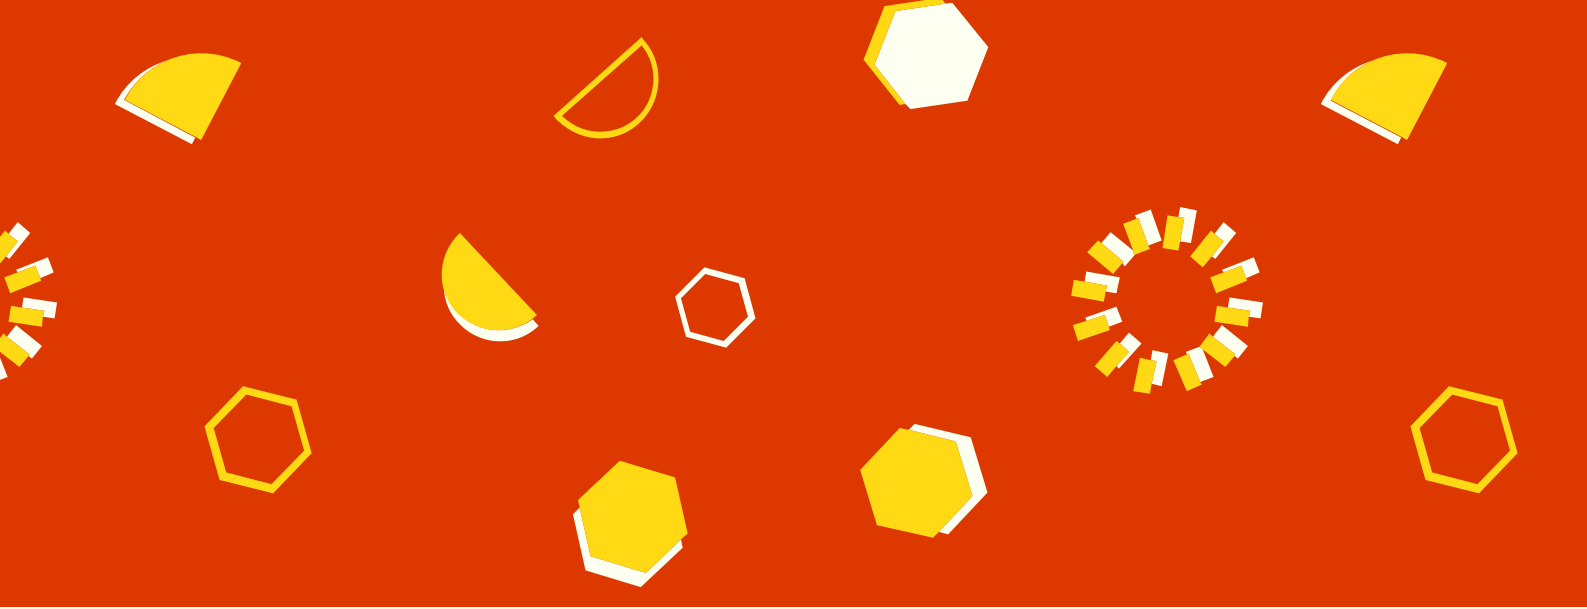

It's common that knowledge of fruits and vegetables are a vital part of any healthy diet. Fruits and vegetables are very important for children. Learning about fruits and vegetables have a positive effect on eating habits and lifestyle of any child. To inculcate knowledge about fruits and veggies different activities were conducted like fruit stick puppet activity, sorting of fruits and vegetables and pasting pictures of fruits and veggies in grocery store.

MUSICAL CHAIR GAME

Games are essential for healthy development in early childhood and beyond. It allows them to experiment through trial and error, find solutions to problems. Introducing musical chair game was really a fun-filled activity for pre-schoolers. There is no better game than musical chairs to get kids flexing their listening and social skills.

PIC-COLLAG

PLAY TIME

CORNER DISPLAY - FESTIVALS

Children are particularly the ones who enjoy festivals more than adults. Festivals to them mean decorations, sweets, gifts, games and lots of other celebrations. However, there are a lot of things that children can learn from celebrating festivals.

A corner display was organised depicting different festivals to remind the kids about the festival they have learnt about.

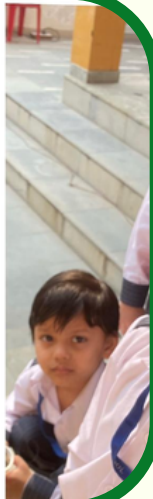

RHYME TIME - LITTLE PLANT

Rhymes expose the children to abstract concepts. They even pick up words from rhymes, that are sometimes not common in day-to-day communication from rhymes and incorporate them into their vocabulary. The rhyme of Little Plant was introduced with an activity of germination of seed, where kids experienced the process of growing of plant from a seed.

Rhyme
Little Plant

me
Plant

COGNITIVE SKILLS - PROBLEM SOLVING

The creative ways in which children tackle problems lead to their brainstorming and give them space to think out of the box with different things.

SCIENCE IS FUN - MAGNET IS FUN

Magnets are fun to play with. It feels like you have a magic wand! The kids were given the first hand experience of using the magnet through a maze game. Kids enjoyed the activity.

LIFE SKILL ACTIVITY - SERVING GAME

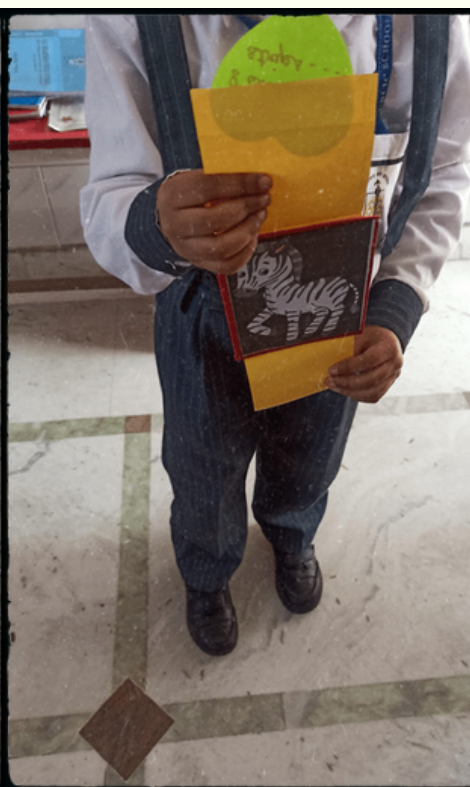

GOOD JOB!!

CRITICAL THINKING-SMART SHOTS RIDDLES

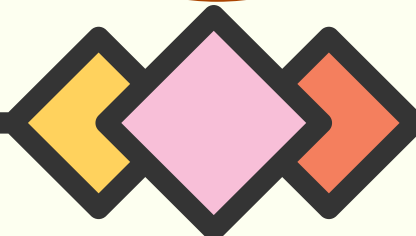

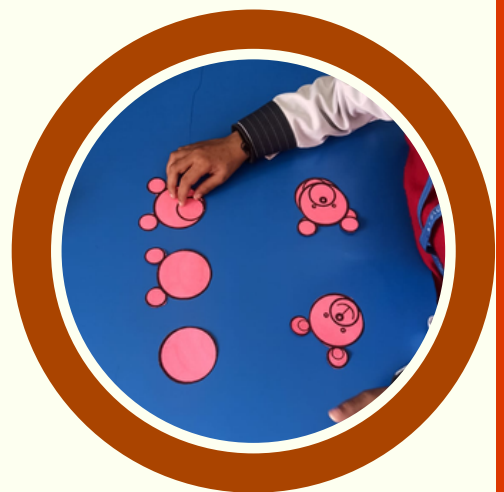

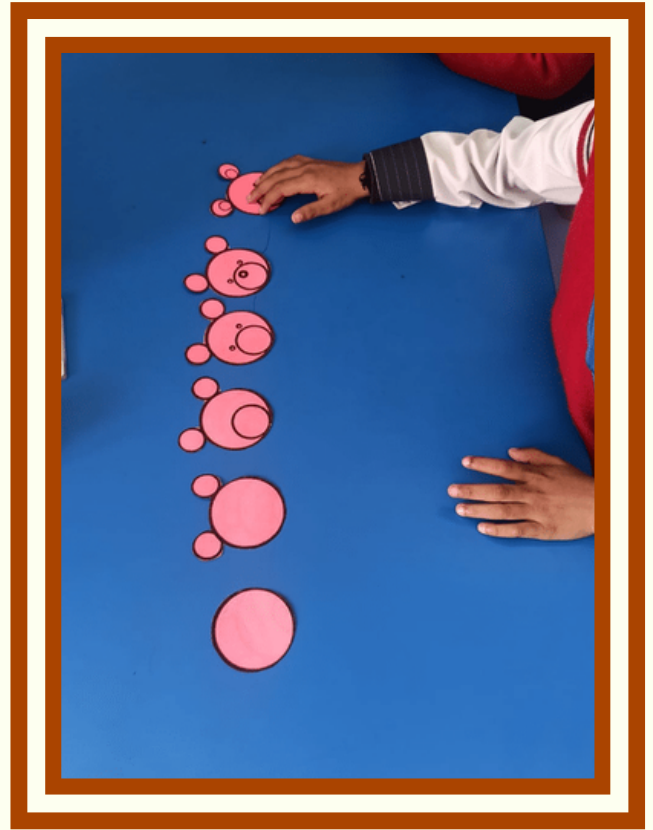

By being active participants in exploration, kids learn to make connections they can apply to other areas of life through new experiences.

Children learn to recognize patterns that make their world more understandable and predictable. The activities related to problem solving and sequential thinking were done.

COGNITIVE SKILLS - SEQUENCING

Riddles are fun and easy to remember, often children share the riddles they hear, helping them become more social. They can entertain a child and get their brains working at the same time. To tickle their young minds the game of riddles was played where the kids were asked the riddles and they had to guess the thing.

RHYMES

PHYSICAL ACTIVITIES

Exercise means playing and being physically active. Kids don't like exercising much but making it fun and interesting can help us to impart fitness among them.

**"Continue to support the potential
of children so that their growth
and development is maintained"**
